Tom had no idea who Perri might be, but something in the way Grace asked the question and the way she regarded Paul suggested that she knew something about Perri that had won her deep respect and admiration.. "If you don't, your feeling gland isn't working. Want me to read you to sleep?". He had learned many things about himself on this momentous day--that he was more spontaneous than he had ever before realized, that he was willing to make grievous short-term sacrifices for long-term gain, that he was bold and daring-but perhaps the most important lesson was that he was a more sensitive person than he'd previously perceived himself to be and that this sensitivity, while admirable, was liable to undo him unexpectedly and at inconvenient times.. Not understanding, thinking that he was inexplicably asking if she loved him, she said, "Yes, of course, you silly bear, you stupid man, of course, I love you." Junior spoke the three words aloud and felt a strange resonance between them and his dim memories of Reverend White's voice on that long-ago night. Yet the link, if any actually existed, remained elusive.. He didn't realize he was swinging the candlestick at Vanadium's face until he saw the blow land. And then he couldn't stop himself from swinging it yet once more.. Somewhere in the world he had a deadly enemy: Bartholomew, who had something to do with babies, a total stranger yet an implacable foe.. Junior tossed garments on the floor and across the bed to create the impression that the detective had packed with haste. After being imprudent enough to blast Victoria Bressler five times with his service revolver-perhaps in a jealous rage, or perhaps because he had gone nuts-Vanadium would have been frantic to flee justice.. Because the upper part of the hospital bed was somewhat raised, he didn't have to lift his head

from the pillow to study the corner where the phantom waited. He peered beyond the IV rack, past the foot of the bed. "You'll need time to ... adjust to this," he said. "Perhaps you've got to call family...". At nearly forty years of age, Edom still dreamed of that grim summer afternoon, although not as often as in the past. When it troubled his sleep these days, it was a nightmare that gradually metamorphosed into a dream of tenderness and hope. Until the last few years, he'd always awakened when the roses were being jammed into his mouth or when the thorns flicked through his eyelashes, or when Agnes began to strike their father with the Bible, thus seeming to assure worse punishment. This additional act, this transition from horror to hope before he woke, had been added when Agnes was pregnant with Barty. Edom didn't know why this should be so, and he didn't try to analyze it. He was simply grateful for the change, because he woke now in a state of peace, never with worse than a shudder, no longer with a hoarse cry of anguish. From Joey's closet, she extracted an old blue blazer that he seldom wore anymore. The lining was sagging, worn. Years earlier, a stream had been diverted to fill the vast excavation. Stock fish were added, mostly trout and bass. Twenty minutes later, at home, he poured sherry over ice. Sipping, he stood in the living room, admiring his two paintings. "I didn't know her well. She didn't hang out or party much--especially after the baby." As he edged closer, to better hear the conversation, he became aware of someone staring at him. He looked up into anthracite eyes, into a gaze as sharp as that of any bird, set in the lean face of a thirty something man thinner than a winter-starved crow. "No, the more I think about it, the more it feels like this is just kids. Some kids goofing around, that's all. I guess Vanadium got deeper under my skin than I realized, so when this came up, I couldn't think straight about it." Eventually he found himself alone at the large viewing window of the neonatal-care unit. Seven newborns were in residence. Fixed to the foot of each of the seven bassinets was a placard on which was printed the name of the baby. He reached the end of the alleyway, stumbled into the stream of pedestrians, nearly knocked over an elderly Chinese man, turned, and discovered ... no Vanadium. "It's not scary," said Mary. "I just step into another place for a little, and then back. It's just like going from one room to the next. I can't get stuck over there or anything." She looked at Barty. "You know how it is, Dad." Intending to keep the front of the gallery under surveillance from behind the wheel of his Mercedes, Junior checked the time as he walked toward the car. His wrist was bare, his Rolex missing. Yet his heart slammed hard and heavy against his confining ribs, and fear stippled the nape of his neck. Fragments of the broken wineglass crunched under his shoes as he crossed the small kitchen to the dinette. He opened the bottle of vodka and put it on the table in front of the dead woman. She told them of Phemie's request that the baby be named Angel. "At the time, I assumed she wasn't able to think clearly because of the stroke."
