With Barty's presence, Christmas Eve dinners had become even more agreeable, especially this year when he was almost-three-going-on-twenty. He talked about the visits to friends that he and his mother and Edom had made earlier in the day, about Father Brown, as if that cleric-detective were real, about the puddle-jumping toads that had been singing in the backyard when he and his mother had arrived home from the cemetery, and his chatter was engaging because it was full of a child's charm yet peppered with enough precocious observations to make it of interest to adults. Against the backdrop of granite monuments, Kaitlin hulked like a moldering presence from Beyond, risen out of a rotting box to take vengeance on the living. Losen, a sea-pirate who called himself King of the Inmost Sea, was then the chief warlord in the city and all the east and south of Havnor. Exacting tribute from that rich domain, he spent it to increase his soldiery and the fleets he sent out to take slaves and plunder from other lands. As Otters uncle said, he kept the shipwrights busy. They were grateful to have work in a time when men seeking work found only beggary, and rats ran in the courts of Maharion. They did an honest job, Otter's father said, and what the work was used for was none of their concern. scraps of night that have lingered long after dawn dart agitatedly in and out of the tree, from branch to branch, "In addition to that policy," said Vinnie, "there's another. . .--he filled his lungs, hesitated, then exhaled the air and

the sum with a tremor---seven hundred fifty thousand. Three-quarters of a million dollars." Shaking the ravaged khakis at him, she said, "Then what made such a mess of these? He never passed through a phase during which he grew resistant to hugging or kissing. He was a hand-holding, cuddling boy to whom displays of affection came easily. Junior didn't slow as he passed the house, but circled the block and drove by the place again. Murmuring reassurances, Celestina put a hand on the girl's head and smoothed her brow, her hair, until the sour dream was sweetened by the touch. As he stepped out of the street, Don't Walk shortened to Walk, and when he checked for pursuit, he found it. Here came Vanadium, who would have been shivering in want of a topcoat if his flesh had been real. too quiet and too patient to be the living-dead incarnation of a murdered wife. This was a predatory silence, an animal cunning, not a supernatural hush. This was the elegant stillness of a panther in the brush. He was a man with a plan, focused, committed, ready to act and then think, as soon as he was able to act. A spasm of pain weakened his hand. Cartridges slipped through his fingers, fell to the floor. Vanadium arrived and stood beside Junior. His black suit was cheap, but it fit better than Rudy's. "Wally," Celestina said, without hesitation, because suddenly she saw something of a Wally in his green eyes, which were livelier than they had been before. She got a can of soda, returned to the table, and sat down as if finished with her explorations. "You're okay, Barty." So they had cooked up this project, math and mayhem, geometry of limbs and branches, arboreal science and childish stunt, a test of strategy and strength and skill-and of the scary limits of nine-year-old bravado. She lived with her parents then. They had converted the dining room to a bedroom for her. "Me, I don't like anything old. This White chick's got a weird thing for old people, old buildings, old stuff in general. Like she doesn't realize she's young. You want to grab her, shake her, and say, 'Hey, let's move on,' you know?" Judging by his great pleasure in learning, Barty didn't feel robbed of anything. To him, the world was an orange of infinite layers, which he peeled and savored with increasing delight. Over many proud generations and at least to the extent of second cousins, no one on either side of Celestina's family had skin of this light color. They were without exception medium to dark mahogany, many shades darker than this infant. "Seems like," Vanadium agreed. "So a man like Cain obsesses on one thing after another-sex, money, food, power, drugs, alcohol, anything that seems to give meaning to his days, but that requires no real self-discovery or self-sacrifice. Briefly, he feels complete. However, there's no substance to what he's filled himself with, so it soon evaporates, and then he's empty again." The opening paragraph still lingered in his memory, because he had crafted it with great care: Greetings on this momentous day. I'm writing to you about an exceptional woman, Agnes Lampion, whose life you have touched without knowing, and whose story may interest you. Frustrated on many levels, Junior hurried to a parking lot one block from the detective's office, where he'd left his new Chevrolet Impala convertible. This Chinese-red machine was even more beautiful when wet with rain than it had looked polished and pristine on the showroom floor. Twice during dinner, he seemed to draw near The Subject, but then he circled around it and flew off, each time to report some news of little relevance or to recount something funny that Angel had said. WHILE THE SLATS of ash-gray light slowly lost their meager luster, and sable shadows metastasized in sinister profusion, the sentinel silence remained unbroken between Junior Cain and the birthmarked man. The following April, when he proposed to her, she wouldn't have him. "You're sweet, Paul, but I can't let you throw your life away on me. You're this ... this beautiful ship that will sail a long way, to fascinating places, and I'd only be your anchor." "Naomi--she popped out of my oven twenty years ago, not out of yours," Sheena continued in a fierce whisper. "If anyone's suffering here, it's me, not you. Who're you, anyway? Some guy who's been boinking her for a couple years, that's all you are. I'm her mother. You can never know my pain. And if you don't stand with this family to make these wankers pay up big-time, I'll personally cut your balls off while you're sleeping and feed them to my cat." But when the lore-books of a wizard came into a warlord's hands he was likely to treat them with caution, locking them away to keep them harmless or giving them to a wizard in his hire to do with as he wished. In the margins of the spells and word lists and in the endpapers of these books of lore a wizard or his prentice might record a plague, a famine, a raid, a change of masters, along with the spells worked in such events and their success or unsuccess. Such random records reveal a clear moment here and there, though all between those moments is darkness. They are like glimpses of a lighted ship far out at sea, in darkness, in the rain. They were dining by candlelight. Vanilla-scented bougies stood on the sideboard, across the room, glimmering in glass chimneys, but Barty pointed instead to five squat red candles distributed through the centerpiece of pine sprays and white carnations. Slow deep breaths. Per Zedd, slow deep breaths. Any state of anxiety, regardless of how powerful, could be ameliorated or even dissipated. In a pocket of his smock was his letter to Reverend Harrison White. He hadn't sealed the envelope, because he intended to read to Perri, his wife, what he'd written, and include any corrections she suggested. In this, as in all things, Paul valued her opinion. The window didn't face the street. It overlooked a five-foot-wide passageway between this house and the next. The police might not spot him leaving. She was a duplicitous bitch, too. After coming on to him, after teasing a reaction out of him, she had run off and gossiped about him as though he had instigated the seduction. Worse, to make herself feel important, she had told the police her skewed version, surely with much colorful embellishment. the social worker and her family. Husband, wife, daughter, son. The little girl smiled shyly through braces. The boy was impish. "Better. Fear doesn't require him even to seduce a woman or to buy a bottle of whiskey. He just needs to open himself to it, and he will be filled like a glass under a faucet. As difficult as this may be to comprehend, Cain would choose to be neck-deep in a bottomless pool of terror, desperately trying to stay afloat, rather than to suffer that unrelieved hollowness. Fear can give shape and meaning to his life, and I intend not merely to fill him with fear but to drown him in it." In agreement, Maria pushed the stack of unused cards aside, and she peered at her hands as if she wanted to scrub them for a long time under hot water. He had not yet disposed of her personal effects. In the dark, he went to the dresser, opened a drawer, and found a cotton sweater that she had worn recently. "This is going to be an enormous settlement," the attorney promised. "And there's more good news. County and state authorities have agreed to close the case on Naomi's death. It's now officially an accident." just as the smile curved to completion, however, an awful thing happened. The humiliation began with a loud gurgle in his gut. Agnes, who inherited the property, would have welcomed her brothers in the main house. Although both were willing to visit her for an occasional dinner or to sit in rocking chairs on the porch, on a summer night, neither could abide living in that ominous place. Although Paul had seen Tom Vanadium's clever coin trick, he didn't understand the rest of their conversation, and he assumed that for everyone else-except Angel's mother-it was equally impenetrable. But taking their clue from the risen Celestina, all those present had fallen silent. According to the brief biographic note with the picture, Celestina White was a graduate of San Francisco's Academy of Art College. She had been born and raised in Spruce Hills, Oregon, the daughter of a minister. "You look as if you've seen a ghost," said Vinnie, and Agnes wished the threat were as simple as a restless spirit, groaning and rattling its chains,
