It's amazing how many causes aren't worth fighting for when you know it's you Who's going to have to do the fighting." He shook his head slowly. "No, we don't get too much of that kind of thing." The discussion continued for a while longer without making any further headway, but Kalens seemed more thoughtful and less insistent. Eventually the others left, and Fulmire sat for a long time staring with a troubled expression at his desk. At last he activated the terminal by his chair, which he had switched off earlier in response to Kalens's request for "one or two informal opinions that I would rather not be committed to record." Anita's eyes blazed as her shock began wearing off and dissipated itself as anger. "Why should I? Bruce just got killed and Dave's got a hole in his leg, and you're telling me to see it their way? What kind of a man are you anyhow?" She sneered past Colman's shoulder at Kath, who was returning the communicator to her pocket. "I can see why. It didn't take you long, did it? Is she good?". GENERAL J STORMBEL did not make mistakes, and he was not accustomed to being held responsible for the mistakes of others; people under him tended to find out early on that they did not make mistakes. Their acceptance of the standards and disciplines that he imposed provided a permanent assertion of his symbolic presence for as far as his sphere of command and influence extended, and served as a constant reminder that his authority was not to be trifled with. Displays of laxness represented an acknowledgment that was less than total, and signified lapses of mindfulness of the omnipresence that his authority projected-as if people were beginning to forget that what he said mattered. Stormbel didn't like that. He didn't like people acting as if he didn't matter..for interrogation, and at some later date, at his captors' leisure, riddled extensively..Kalens had evidently been working on the details for some time. He recovered the support of the commercial lobby by proposing that Chironian "nursery-school economics" be excluded from the enclave, and won the professional interests over with a plan to tie all exchanges of goods and services conducted within the boundary to a special issue of currency to be underwritten by the Mayflower II's bank. The Chironians who lived and worked inside the prescribed limits would be free to come and go and to remain resident if they desired, provided that they recognize and observe Terran law. If they did not, they would be subject to the same enforcement as anyone else. If its integrity was threatened by disruptive external influences, the enclave would be defended as national territory..CHAPTER TEN.heard only sincerity. More tweedles than antitweedles would be projected into a normal universe, and more antitweedles than tweedles into an antiuniverse, and that, according to the Chironian version, was why the universe was composed of matter and antimatter; the opposite, of course, held for the twin antiuniverse. The way to obtain antimatter, they therefore reasoned, would be to make a small part of the universe look like an antiuniverse so that tweedlespace could be "fooled" into projecting antitweedles instead of tweedles into it. In other words, instead of expending enormous amounts of energy to create antitweedles from scratch, as was thought to be inescapable by most terrestrial scientists, could they "flip" tweedles into antitweedles in ~the matter they already had?.
