As a rule, people do what wizards advise them to do. And it is no small honor to be invited by a wizard to be his student or apprentice. Hemlock, who had won his staff on Roke, was used to having boys come to him begging to be tested and, if they had the gift for it, taught. He was a little curious about this boy whose cheerful good manners hid some reluctance or self-doubt. It was the father's idea, not the boy's, that he was gifted. That was unusual, though perhaps not so unusual among the wealthy as among common folk. At any rate he came with a very good prenticing fee paid beforehand in gold and ivory. If he had the makings of a wizard Hemlock would train him, and if he had, as Hemlock suspected, a mere childish flair, then he'd be sent home with what remained of his fee. Hemlock was an honest, upright, humorless, scholarly wizard with little interest in feelings or ideas. His gift was for names. "The art begins and ends in naming," he said, which indeed is true, although there may be a good deal between the beginning and the end.."No. I'll write him," Diamond said, in his new, level voice..nothing at all. He stopped again, looking as if he were in intense pain, hunched and clenched. He struggled to stand up. Unthinking, Ogion held out his hand to help him.."No, you weren't," she whispered. "If you had been, you would know.."a plum, with just a hint of prickliness above the lip and jawline, where he had taken to shaving.They brought him one boy. The other had jumped from the ship, crossing Havnor Bay, and been killed by a crossbow quarrel. The boy they brought was in such a paroxysm of terror that even Early was disgusted by him. How could he frighten a creature already blind and beshatten with fear? He set a binding spell on the boy that held him upright and immobile as a stone statue, and left him so for a night and a day. Now and then he talked to the statue, telling it that it was a clever lad and might make a good prentice, here in the palace. Maybe he could go to Roke after all, for Early was thinking of going to Roke, to meet with the mages there..bower upstream, he went there, carrying Veil's basket as an excuse. "May I talk to you?" he said..her name, while he walked to meet her. He made out the big head more by touch than sight, stroking
