And your time to acquire this specific guide since among the compromises has already become ready. "No. The information I gave you came from the coroner's office, which issued the death certificate. But even if I got into St. Mary's records, there wouldn't be a hint of where Catholic Family Services placed this baby." On Thursday, January 4, he used his John Pinchbeck identity to purchase a new Ford van with a cashier's check. He leased a private garage space in the Pinchbeck name, near the Presidio, and stored the van there. Fathoms of silence flooded the line. Still, she listened. He sensed her there, though as if at a great depth. With the earth still tenuously stable beneath them, they arrived at their fifth destination, a new address on Agnes's mercy list. "You'll do better away from the ships, all the fighting and raiding. The King's working the old mines at Samory, round the mountain. There you'd be out of his way. Work for him you must, if you want to stay alive. I'll see that you're sent there. If you'll go." Occasionally, when Junior returned home from a day of gallery hopping or an evening at a restaurant, Industrial Woman-the artist's title-scared away his mellow mood. More than once, he'd cried out in alarm before realizing this was just his prized Poriferan. The moonlight had faded and the gentle waves had ebbed out of his mind's eye. He concentrated, trying to force the phantom sea to flow back into view, but this was one of those rare occasions when a Zedd technique failed him. To the alleyway again. Not through the clodhopper-cluttered gallery this time. Around the block at a brisk walk. Like all ICU waiting rooms, where Death sits patiently, smiling in anticipation, this lounge was clean but drab, and the utilitarian furnishings didn't pamper, as though bright colors and comfort might annoy the ascetic Reaper and motivate him to cut down more patients than otherwise he would have done. Even as the morning matured, the fog and the rain conspired to bar all but a faint gray daylight from St. Mary's. Shadows flourished. A quick tug on each pants cuff revealed no ankle holster, which was how many cops would choose to carry an off-duty piece. The mound of earth beside the grave had been disguised by piles of flowers and cut ferns. The suspended casket was skirted with black material to conceal the yawning grave beneath it. Tom didn't understand Edom's comment or the smiles that it drew, but otherwise, he was impressed by the ease with which these people absorbed what he had said and by the imagination with which they began to expand upon his speculation. It was almost as though they had long known the shape of what he'd told them and that he was only filling in a few confirming details. Halos and rainbows loomed in her memory, ominous as they had never been before. Joey couldn't raise his head, couldn't turn more directly toward her ... because his spine had been damaged, perhaps severed, and he was paralyzed. The presence of the brochure disturbed Vanadium also because he assumed that after being dead-ended by Nolly, Cain had subsequently discovered that Celestina had taken custody of the baby to raise it as her own. For some reason, the nine-toed wonder originally believed the child was a boy, but if he'd tracked down Celestina, he now knew the truth. Tom Vanadium rose to his feet and, with one hand on Barty's shoulder, he surveyed the faces of those gathered on the porch. Most of these people were such new acquaintances that they were all but strangers to him. Nevertheless, for the first time since his early days in St. Anselmo's Orphanage, he'd found a place where he belonged. This felt like home. Striving to appear casual, but obviously unnerved, the pencil-thin man backed off again. "The paintings are lovely, wonderful, I'm enormously impressed. I'm a friend of the artist's, you know. She was a tenant of mine, I was her landlord during her early college years, in her salad days, a nice little studio apartment, before the baby. A lovely girl, I always knew she'd be a success, it was so apparent in even her earliest work. I just had to come tonight, even though a friend's covering two of my four sets. I couldn't miss this." Frequently, these days, she found herself explaining aspects of life to Barty that she hadn't expected to discuss for years to come. She wondered how she could make him understand this: Life can be so sweet, so full, that sometimes happiness is nearly as intense as anguish, and the pressure of it in the heart swells close to pain. As Sklent so insightfully put it: Some of us live on after death, survive in spirit, because we are just too stubborn, selfish, greedy, grubbing, vicious, psychotic, and evil to accept our demise. None of those qualities described sweet Naomi, who had been far too kind and loving and meek to live on in spirit, after her lovely flesh failed. Now at one with the earth, Naomi was no threat to Junior, and the state had paid for its negligence in her death, and the whole matter should have been brought to closure. There were only two barriers to full and final resolution: first, the stubborn, selfish, greedy, grubbing, vicious, psychotic, evil spirit of Thomas Vanadium; and second, Seraphim's bastard baby--little Bartholomew. "What are you strongest in?" By comparison, the strip club-neon aglow, theater lights twinkling---looked warm, cozy. Welcoming. While always Agnes held fast to hope, she knew that easy hope was usually false hope, and she didn't allow herself to speculate, even briefly, that his problem had resolved itself. Other symptoms-halos and rainbows-had disappeared for a time, only to return. When Frieda finished retching and passed out in a heap, Junior left her on the floor and immediately set out to explore her rooms. Joey was standing just outside, gazing in at her. His blue eyes were seas where sorrow sailed. Her shaking threatened her composure. She was Barty's mother and father, his only rock, and she must always be strong for him. She clenched her teeth and tensed her body and gradually quieted the tremors by an act of will. Great anger was apparent in the way that the uneven, red block letters had been drawn on the wall in hard slashes. But the lettering looked like the work of a calm and rational mind compared to what had been done after the three Bartholomews were printed. He added verisimilitude to his threats by concluding with a few hard punches where they wouldn't show, in her breasts and belly, and then he, went home to Naomi, to whom he'd been married, at that time, less than five months. Music played within. An up-tempo number. Possibly swing. He couldn't quite identify the tune. This humble house wasn't where you expected to hear an elaborate custom doorbell-or even any doorbell at all, since knuckles on wood were the cheapest announcement of a visitor. She leaned forward in her seat, and toward him, so he could see her more directly, and when she put one trembling hand against his cheek, his head dropped forward on neck muscles as limp as rags, his chin. All these punctures in the wall. Gouges. Slashes. So much rage required to make them. The word need, instead of want, moved Paul to follow the doctor across the coffee shop. He swept the immediate area with the flashlight, and shadows spun with shadows, waltzing spirits in the ballroom of the night. His conscience as a craftsman would not let him fault the carpentry of the ship in any way; but his conscience as a wizard told him he could put a hex on her, a curse woven right into her beams and hull. Surely that was using the secret art to a good end? For harm, yes, but only to harm the harmful. He did not talk to his teachers about it. If he was doing wrong, it was none of their fault and they would know nothing about it. He thought about it for a long time, working out how to do it, making the spell very carefully. It was the reversal of a finding charm: a losing charm, he called it to himself. The ship would float, and handle well, and steer, but she would never steer quite true. In spite of the gloom, the boy's miraculous accomplishment was evident: his clothes and hair were dry as though he'd worn a coat and hood. "I was raised to understand it," said Celestina, and when she looked

across the room, she saw that her words had moved her mother. Walking away, he was aware of the many faces at the windows, all as stupid as the faces of cud-chewing cows. He had given them something to talk about when they returned from lunch to their shops and offices. He'd reduced himself to an object of amusement for strangers, had briefly become one of the city's army of eccentrics. She started to get up from the chair behind the desk, but he encouraged her to stay seated. Surprising himself more than anyone, Edom also presented his collection to the university. Out with tornadoes, hurricanes, tidal waves, earthquakes, and volcanoes; bring in the roses. He lightly renovated his small apartment, painted it in brighter colors, and throughout the autumn, he stocked his bookshelves with volumes on horticulture, excitedly planning a substantial expansion of the rosarium come spring. "There's nothing here for you," she said, stepping back from the door in order to close it. Grace knew it, too, because she went limp with misery in his arms, ceased struggling against him. Five days ago, reasoning that an unscrupulous attorney would know how to find an equally unscrupulous private detective, even across state borders, Junior had phoned Simon Magusson, in Spruce Hills, for a confidential recommendation. Apparently, there also existed a brotherhood of the terminally ugly, the members of which sent business to one another. Magusson-he of the large head, small ears, and protuberant eyes-had referred Junior to Nolly Wulfstan. In his mind's eye, Junior saw the coin in transit of the blunt fingers, moving more swiftly than previously because its passage was lubricated by blood. "I know what you're thinking," her mother said, reaching across the table and placing one hand over Celestina's. "I know how useless you feel, how helpless, how small, but you must remember this . . . Shopping for fashion accessories relaxed Junior. He spent a few hours browsing for tie chains, silk pocket squares, and unusual belts. Riding the up escalator in a department store, between the second and. She shook her head. "No way back." She pointed to the sketch pad on the floor. "I pushed him there." Clearly, she had learned nothing from her reading. No sincere and thoughtful student of Zedd would be as sorely lacking in self-control as Frieda Bliss. Clutching the purse as though determined to resist robbery even in death, the guy dropped, sprawled, shuddered, and lay still. He'd gone down with no shout of alarm, with no cry of mortal pain, with so little noise that Junior wanted to kiss him, except that he didn't kiss men, alive or dead, although a man dressed as a woman had once tricked him, and though a dead pianist had once given him a lick in the dark. In the execution, he was likewise scrupulous, for he didn't want the grownups to see what Angel saw; he preferred they believe it was sleight of hand-or magic. After the usual moves, he briefly closed his right hand around the coin, then with a snap of his wrist, flung it at Angel, simultaneously distracting with flourishes aplenty. "September 27, 1962. Barcelona, Spain. A flood killed four hundred forty-five people." "Oh, dear God," she whispered, and although she had always been a strong woman who stood on a rock of faith, who drew hope as well as air with every breath, she was as weak now as the unborn child in her womb, sick with fear. To the window. The warm room sucked cooling fog out of the night, and she leaned across the sill into the streaming mist. He wanted an explanation, but no one could give him the one that he needed, because nobody but he himself knew the significance and symbolism of the quarter. "Ouch," said Edom, and this earned him loving smiles from Maria, Agnes, and Barty. He waited for Otter to nod, but Otter stood motionless. Agnes found herself drifting up. A frightening sense of weightlessness overcame her. Earlier, after sprinting down the fire road, he had been breathing hard when he reached his Chevy, and by the time that he'd raced to Spruce Hills, the nearest town, he had spiraled down into this strange condition. His driving became so erratic that a black-and-white had tried to pull him over, but by then he was a block from a hospital, and he didn't stop until he got there, taking the entry drive too sharply, jolting across the curb, nearly slamming into a parked car, sliding to a stop in a no-parking zone at the emergency entrance, lurching like a drunkard as he got out of the Chevy, screaming at the cop to get an ambulance. "I'd give anything if it hadn't happened," he said earnestly. And now a tortured note wrung wet emotion from his voice. "I only wish it had been me who died." He liked her face, too. She wore no makeup, and pulled her brown hair back in a bun. Some might say she was mousy, but the only things mousy that Nolly saw about her were a piquant tilt to her nose and a certain cuteness.
