If Junior was patient, he could slip in there, find Bartholomew, kill the boy in bed, whack Ichabod second, and still have a chance to make love to Celestina..He lay still, waiting for silence to return, so he could hear whether the great gong had drawn people into the alley..She loosened her hair and brushed it out, and Nolly took her to dinner at their favorite place, which had the decor of a classy saloon and a bay view suitable for God's table. They came here often enough that the maitre d' greeted them by name, as did their waiter..Glancing at the plump pie in Edom's hands, the gentleman replied to Agnes in a musical yet gravelly voice worthy of Louis Armstrong: "You must be the lady

Reverend Collins told me about." "It seems it was his own idea, your majesty." Because they were smaller than men and could move more easily in narrow places, or because they were at home with the earth, or most likely because it was the custom, women had always worked the mines of Earthsea. These miners were free women, not slaves like the workers in the roaster tower. Gelluk had made him foreman over the miners, Licky said, but he did no work in the mine; the miners forbade it, earnestly believing it was the worst of bad luck for a man to pick up a shovel or shore a timber. "Suits me," Licky said. Agnes supposed Jacob trembled in anticipation of the crash of an airliner or at least a light aircraft. Edom might be calculating the odds that this serene place-at this specific hour-would be the impact point for one of those planet-killing asteroids that reputedly wiped most life off the earth every few hundred thousand years or so. "Oh, it doesn't mean you're nervous in that sense. Nervous in this case means psychologically induced. Grief, Enoch. brief and shock and horror-they can have profound physical effects." "You ever hear it, Enoch? I'm that someone for you, of course, in a romantic sense." Instead of gaping at her as though she had been possessed by an inarticulate demon, Wally urgently fumbled a small box out of his jacket pocket and blurted, "Will you marry me?". Blind he remained until an afternoon in May 1993, when at last the miracle occurred, and the meaning that Tom Vanadium had foreseen so long ago began to manifest. Neither guilt nor remorse plagued him. Good and bad, right and wrong, were not issues to him. Actions were either effective or ineffective, wise or stupid, but they were all value neutral. This surprised him. Of course, Oregon was not the Deep South. It was a progressive state. Nevertheless, he was surprised. Oregon wasn't home to many Negroes, either, a handful compared to those in other states, and yet until now Junior supposed that they had their own cemeteries. "Why should I be afraid of a stumbling blind boy?" asked Junior again. But this time the words issued from him in a different tone of voice, because suddenly he sensed something knowing in this boy's attitude, if not in his manufactured eyes, a quality similar to what the girl exhibited. The universe was vast and Barty small, yet the boy's immortal soul made him as important as galaxies, as important as anything in Creation. This Agnes believed. She couldn't tolerate life without the conviction that it had meaning and design, though sometimes she felt that she was a sparrow whose fall had gone unnoticed. Barty sat on the edge of the doctor's desk, legs dangling, holding Red Planet, his place marked by an inserted finger. Zedd taught in this world where dishonesty is the currency of social acceptance and financial success, you must practice some deceit to get along in life, but you must never lie to yourself, or you are left with no one to trust. Beveled, crackled, distorted, divided into petals and leaves, Deed's face beyond the lead-ad glass, as he leaned closer to try to peer inside, was the countenance of a dream demon swimming up out of a nightmare lake. On the serving tables, the canap? trays held only stained paper doilies, crumbs, and empty plastic champagne glasses. WHEN A GLASS OF chilled apple juice at dawn stayed on his stomach, Junior Cain was allowed a second glass, though he was admonished He was also given three saltines. When you construct or reconstruct a world that never existed, a wholly fictional history, the research is of a somewhat different order, but the basic impulse and techniques are much the same. You look at what happens and try to see why it happens, you listen to what the people there tell you and watch what they do, you think about it seriously, and you try to tell it honestly, so that the story will have weight and make sense. able to reconcile these opposed forces, she was all but paralyzed by indecision. Junior was aware that all the cops were watching him as he stared down at the body, and he frantically tried to think what an innocent husband would be likely to do or say, but his imagination failed him. His thoughts could not be organized. Edom and Jacob arrived, dinner was served, and while the food was wonderful, the conversation was better-even though the twins occasionally shared their vast knowledge of train wrecks and deadly volcanic eruptions. Paul didn't contribute much to the talk, because he preferred to bask in it. If he hadn't known any of these people, if he had walked into the room while they were in the middle of dinner, he would have thought they were family, because the warmth and the intimacy-and in the twins' case, the eccentricity-of the conversation were not what he expected of such newly made friends. There was no pretense, no falsity, and no avoidance of any awkward subject, which meant there were sometimes tears, because the death of Reverend White was such a fresh wound in the hearts of those who loved him. But in the healing ways of women that remained mysterious to Paul even as he watched them do. Without using his flashlight, depending only on the moon, he ascended through the cemetery to the service road. He slipped behind the door and raised the pewter candlestick over his head. Weighing perhaps five pounds, the object made a formidable bludgeon, almost as good as a hammer. The station wagon rolled out, the Volkswagen bus followed it, and Wally brought up the rear. "Wagons, ho!" he announced. The morning that it happened, Barty ate breakfast in the Lampion kitchen with Angel, Uncle Jacob, and two brainless friends. Junior continued east, weaving through the horde, convinced that he could hear the ghost cop's footsteps distinct from the tramping noise made by the legions of the living, penetrating the grumble and the bleat of traffic. Hollow, the dead man's tread echoed not only in Junior's ears but also through his body, in his bones. Startled, Celestina said, "Good grief, you're spooky. How could you know what I'm thinking?". Instead, he imagined Vanadium's blunt fingers moving over the intravenous apparatus with surprising delicacy, reading the function of the equipment as a blind man would read Braille with swift, sure, gliding fingertips. He imagined the detective finding the injection port in the main drip line, pinching it between thumb and forefinger. Saw him produce a hypodermic needle as a magician would pluck a silk scarf from the ether. Nothing in the syringe except deadly air. The needle sliding into the port ... "No, no, dear. It was little Muffin, from next door. A big dog certainly would have torn up both you and the pants. We've got to have a credible story." At a gun shop, Junior purchased two hundred rounds of ammunition. Later, that many cartridges seemed excessive to him. Later still, he purchased another two hundred. The bandaged man stormed up from the ruin of the living room, gauze fluttering around his lips as his hard exhalations seemed to prove that he wasn't a long-dead pharaoh reanimated to punish some heedless archaeologist who had ignored all warnings and violated his tomb. So this wasn't a Weird Tales moment. Although she had slept well and though her hemorrhaging had been successfully arrested, Agnes was too weak to manage breakfast alone. A simple spoon was as heavy and as unwieldy as a shovel. Agnes added this stop to her route at the request of Reverend Tom Collins, the local Baptist minister whose folks unthinkingly gave him the name of a cocktail. She was friendly with all the clergymen in Bright Beach, and her pie deliveries favored no one creed. Throughout the evening, Barty and Angel-sitting side by side and across the table from Paul-listened to the adults at times and occasionally joined in the larger conversation, but primarily they talked between themselves. When the kids' heads weren't together conspiratorially, Paul could hear their chatter, and depending on what else was being discussed around the table, he sometimes tuned in to it. He picked up on the word rhinoceros, tuned in, tuned out, but a couple minutes later, he dialed back in when he realized that Celestina, sitting two places farther along the table from him, had risen from her chair and was staring in amazement at the kids. "Naomi--she popped out of my oven twenty years ago, not out of yours," Sheena continued in a fierce whisper. "If

anyone's suffering here, it's me, not you. Who're you, anyway? Some guy who's been boinking her for a couple years, that's all you are. I'm her mother. You can never know my pain. And if you don't stand with this family to make these wankers pay up big-time, I'll personally cut your balls off while you're sleeping and feed them to my cat." Traditional logic argued that an infant, no more than two weeks old, could not be a serious threat to a grown man. The morning that it happened, Tom Vanadium rose later than usual, shaved, showered, and then used the telephone in Paul's downstairs study to call Max Bellini in San Francisco and to speak, as well, with authorities in both the Oregon State Police and the Spruce Hills Police Department. Tucking the covers around Angel, Celestina said, "Would you like Uncle Wally to be your daddy?" "That would be the best." "I think so, too." "I never had a daddy, you know." "Getting Wally was worth the wait, huh?" "Will we move in with Uncle Wally?" "That's the way it usually works." "Will Mrs. Orwall leave?" "All that stuff will need to be worked out." "If she leaves, you'll have to make the cheese." Find the father, kill the son. In just nine days, Junior bedded four beautiful women: one on Christmas Eve, the next on Christmas Night, the third on New Year's Eve, and the fourth on New Year's Day. For the first time in his life-and on all four occasions-his joy in the act was less than complete. From the bathroom, Junior gathered an electric razor and toiletries. He added these to the suitcases. Harmless though they were, the sight of them, swaddled and for the most part concealed, first troubled him and then quickly brought him--inexplicably, irrationally, undeniably--to the trembling edge of outright fear. Wild exhilaration burst through him like pyrotechnics blazing in a night sky, reminiscent of the rush of excitement that followed his bold action on the fire tower. Happily, Junior had no emotional connection to Prosser, as he'd had to beloved Naomi; therefore, the purity of his interminably against the ignition plate before, at last, he was able to insert it. "Should be a boy, because then you'll always have a man around the house." Apparently, he didn't lean back far enough, because amazingly he landed on his feet in the winter-faded grass. The shock buckled him, and he dropped to his knees. Still cradling Grace, he lowered her to the ground as gently as he'd ever lowered fragile Perri onto her bed--quite as if he had planned it this way. Two more uniformed officers had entered the kitchen, fresh from their search of the apartment. They were amused. During the past few years, he had discovered that a lousy few million could buy even more freedom than he had thought when he'd shoved Naomi off the fire tower. Great wealth, fifty or a hundred million, would purchase not only greater freedom, and not just the ability to pursue even more ambitious self-improvement, but also power. He wondered if the hawk had descended in a constricting gyre, justice coming down, but he could not lift his head to see. Kaitlin had the piercing voice and talent for vituperation that marked her as a member of the Hackachak tribe, but for now she was content to leave the vocal assault to her parents. The stare with which she drilled Junior, however, if brought to bear on a promising geological formation, would core the earth and strike oil in minutes. July 6, 1944, in Hartford, Connecticut, a fire broke out in the great tent of the Ringling Brothers and Barnum and Bailey Circus at two-forty in the afternoon, while six thousand patrons watched the Wallendas, a world-famous high-wire troupe, ascend to begin their act. By three o'clock, the fire burned out, following the collapse of the flaming tent, leaving one hundred sixty-eight dead. Another five hundred people were badly injured, but one thousand circus animals--including forty lions and forty elephants--were not harmed. Maria's mother, visiting from Mexico, was babysitting, so Maria came without her children, as a guest, joining Agnes and the laugh-a-minute Isaacson twins, chroniclers of destruction. They ate in the dining room, rather than at the kitchen dinette, with a lace-trimmed tablecloth, the good china, crystal wineglasses, and fresh flowers.
