When he stroked the sleek black flow of her hair she seemed only to endure his touch, and he stopped. When he tried to embrace her she was stiff, rejecting him. Then she turned and, fierce, hasty, awkward, seized him in her arms. It wasn't the first night, nor the first nights, they passed together that gave either of them much pleasure or ease. But they learned from each other, and came through shame and fear into passion. Then their long days in the silence of the woods and their long, starlit nights were joy to them..and sat there motionless. He struggled against it. A man of power had come to heal the cattle, another man of power. But a sorcerer, Alder had said. Not a wizard, not a mage. Only a curer, a cattle healer. I do not need to fear him. I do not need to fear his power. I do not need his power. I must see him, to be sure, to be certain. If he does what I do here there is no harm. We can work together. If I do what he does here. If he uses only sorcery and means no harm. He touched the earth of the tunnel's end, took clods of earth in his hands, rolled the dirt in his palms, kneading, testing, tasting it. For that time he was silent, and Otter watched him with staring intensity, still trying to understand..below them. "I'll go in, try to keep things from sliding around, eh? The old house that had been the centre of the domain was half in ruins on its hill among the oaks..Oh, pretty man," said one of them with a smile, "don't even show us what you have in your pack there, for I haven't a penny of copper or ivory, nor seen one for a month."..Windkey, master of the spells controlling weather."I'll ask them their name," Medra said.
