At the bed, he spread the garment across his pillow. Lying down, he pressed his face into the sweater. The sweet subtle scent of Naomi was as effective as a lullaby, and soon he dozed off..Initially, Helen Greenbaum, at Greenbaum Gallery, had taken on three canvases, and had sold them within a month. She took four more, then another three when two of the four moved quickly. By the time that she'd placed ten pieces with collectors, Helen decided to include Celestina in a show of six new artists. And now, already, she had a show of her own.."Well, with so much on His shoulders, He can't

always watch us directly, you know, with His fullest attention every minute, but He's always at least watching from the corner of His eye. You'll be all right. I know you will." Tom had no idea who Perri might be, but something in the way Grace asked the question and the way she regarded Paul suggested that she knew something about Perri that had won her deep respect and admiration. The word diarrhea was inadequate to describe this affliction. In spite of the books he'd read to improve his vocabulary, Junior could not think of any word sufficiently descriptive and powerful enough to convey his misery and the hideousness of his ordeal. During the day and then following a dinner break, the Hackachaks persisted. The hospital had never witnessed such a spectacle. Shifts changed, and new nurses came to attend to Junior in greater numbers than necessary, using any excuse to get a glimpse of the freak show. He had experienced considerable self-revelation during the past eighteen hours, but of all the new qualities he had discovered in himself, Junior was most proud of the realization that he was such a profoundly sensitive person. This was an admirable character trait, but it would also be a useful screen behind which to commit whatever ruthless acts were required in this dangerous new life he'd chosen. When Agnes groaned, one of the shadows spread its wings, moved closer, to the right side of the bed, and resolved into a nurse. Agnes's vision had cleared. The nurse was a pretty young woman with black hair and indigo eyes. CELESTINA RETURNED TO Room 724 to collect Phimie's belongings from the tiny closet and from the nightstand. The Rolex. Because most of the trash in the huge bin was bagged, finding the watch would be easier than Junior had feared. After a minute, he slipped his hand into his pocket. The quarter was still there. When Frieda finished retching and passed out in a heap, Junior left her on the floor and immediately set out to explore her rooms. Junior remembered the very words the detective had used: They say she died in a traffic accident. She looked down at her clenched hands. Made for work, these hands, and always ready to take on any task. Strong, nimble, reliable hands, but useless to her now, unable to perform the one miracle she needed. "Barty's birthday is in eight days. I was hoping. . .". Angel pointed to a Mercedes parked about forty feet behind the Buick, just as its headlights went off. A great boom. Concussion rocked the floor and shuddered the walls and made the roof timbers squeal as though unsuspected colonies of bats had taken flight by the thousands all in the same instant. He hurried into the bedroom and switched on the nightstand lamp, without concern for whether the light might be seen from the street. Junior was educated. He wasn't merely a masseur with a fancy title; he had earned a hill bachelor of science degree with a major in rehabilitation therapy. When he watched television, which he never did to excess, he rarely settled for frivolous game shows or sitcoms like Gomer Pyle or The Beverly Hillbillies, or even I Dream of Jeannie, but committed himself to serious dramas that required intellectual involvement-Gunsmoke, Bonanza, and The Fugitive. He preferred Scrabble to all other board games, because it expanded one's vocabulary. As a member in good standing of the Book-of-the-Month Club, he'd already acquired nearly thirty volumes of the finest in contemporary literature, and thus far he'd read or skim-read more than six of them. He would have read all of them if he had not been a busy man with such varied interests; his cultural aspirations were greater than the time he was able to devote to them. After all he'd suffered at Cain's hands, Tom Vanadium surprised himself by laughing at these colorful accounts of the wife killer's misadventures. Indeed, laughter had seemed disrespectful to the memories of Victoria Bressler and Naomi, and Vanadium had been torn between a desire to hear more and a feeling that finding any amusement value in a man like Cain would leave a stain on the soul that no amount of penance could scrub away. To be fair, with her exceptional beauty, she would have been the center of attention even in a gathering of real artists. Junior had little chance of getting at Seraphim's bastard boy without going through this woman and killing her as well; but if his luck held and he could eliminate Bartholomew without Celestina realizing who had done the deed, then he might yet have a chance to discover if she was as lubricious as her sister and if she was his heart mate. The night seemed to be longer than a Martian month. Agnes dozed, fitfully, waking more than once, sweaty and shaking, from a dream in which her son was taken from her in pieces: first his eyes, then his hands, then his ears, his legs. . . . On this chilly January night, no campers or fishermen had staked claims along the lake. Because the trees were far enough back to be lost in the night, the immediate shore and the pooled blackness that it encircled appeared as desolate as any landscape on a world without an atmosphere. He wiped the steering wheel and every surface that he might have touched during the drive from Victoria's to the detective's place, where he'd acquired the gardening gloves that he still wore. He got out of the car and, with the door open, wiped the exterior handle. hands as she had seen surgeons do in movies, and she could almost believe that she was still at home, in bed, in the fevered throes of a terrible dream. After mentally reviewing what he must say, after working up a nervous edge, he dialed the SFPD emergency number. Her fear, Agnes suddenly realized, arose from her father's often expressed conviction that an attempt to excel at anything was a sin that would one day be grievously punished. All forms of amusement were sinful, by his way of thinking, and all those who sought even the simplest entertainment were lost souls; however, those who desired to amuse others were the worse sinners, because they were overflowing with pride, striving to shine, eager to make themselves into false gods, to be praised and adored as only God should be adored. Actors, musicians, singers, novelists were doomed to hell by the very acts of creation which, in their egomania, they saw as the equal of their Creator's work. Striving to excel at anything, in fact, was a sign of corruption in the soul, whether one wanted to be recognized as a superior carpenter or car mechanic, or a grower of prize roses. Talent, in her father's view, was not a gift from God, but from the devil, meant to distract us from prayer, penitence, and duty. The guy was carrying a purse, whatever that meant, and when he walked through the door, he had a goofy look on his face, but his expression changed when he saw Junior. "I hope it will," the physician said, but his emphasis was too solidly on the word hope. Celestina jammed the shaft of the crank into the casing socket. Wouldn't fit. Her hands were shaking. Steel fins on the shaft of the crank had to be lined up just-so with slots in the socket. She fumbled, fumbled. dropping on the conversation between Dr. Parkhurst and Vanadium, and later failing and respond to Vanadium's pointed accusations, his deception would inevitably be read as an admission of guilt in the murder. What didn't come as a surprise to Paul was Agnes's determination that the Whites, during their period of lying low, should stay with her and Barty. At the end of the famous sermon, Celestina's father had wished to all well-meaning people that into their lives should fall a rain of benign effects from the kind and selfless actions of countless Bartholomews whom they would never meet. And he assures those who are selfish or envious or lacking in compassion, or who in fact commit acts of great evil, that their deeds will return to them, magnified beyond imagining, for they are at war with the purpose of life. If the spirit of Bartholomew cannot enter their hearts and change them, then it will find them and mete out the terrible judgment they deserve. This was a good night for television. To Tell the Truth at seven-thirty, followed by I've Got a Secret, The Lucy Show, and The Andy Griffith Show. The new Lucy wasn't quite as good as the old show; Paul and Perri missed Desi Arnaz and William Frawley. Jacob intended to carry the luggage, and Edom announced

that he would carry Barty. The boy, however, insisted on making his own way to the house..Dishes dried and put away, Jacob retired to the living room and settled contentedly into an armchair, where he would probably become so enthralled with his new book of dam disasters that he would forget to make luncheon sandwiches until Barty and Angel rescued him from the flooded streets of some dismally unfortunate town.."I was never Cary Grant, to begin with," said Vanadium, still ceaselessly rolling the quarter across his fingers, "so I had no big emotional investment in my appearance. Cosmetic surgery would have added another year of recuperation time, probably much longer, and I was anxious to get after Cain. Seemed to me this mug of mine might be just the thing to scare him into an incriminating mistake, even a confession."..He went directly to the kitchen and drew a glass of water at the sink faucet. He swallowed two antiemetic tablets that he had brought with him, to guard against vomiting..When he judged that he was near the porch steps, he probed with his cane. Two paces later, the tip rapped the lowest step..The night was holding its breath again, the previous breeze now pent up in the breast of darkness..Knuckle over knuckle, snared in the web of thumb and forefinger, vanishing into the purse of the palm, secretly traversing the hand, reappearing, knuckle over knuckle, the coin glimmered as it turned.."Simon's a good man. Now that he pretty much knows Cain pushed the wife, he doesn't feel better about representing him just because the payoff was big. And in the current case, he's not Cain's lawyer, so there's no conflict of interest, no ethics problem, so he's got a chance to set things right a little"..Repressing a smirk, feigning a respectful solemnity, he dared to glance at Vanadium, but the detective stared into Naomi's grave as though he hadn't heard the mockery-or, having heard it, didn't recognize it for what it was..He capped the bottle, pocketed it, and then kicked the dead man, kicked him again, and spat on him..Polio, largely an affliction of younger children, had stricken her two weeks before her fifteenth birthday. Thirty years ago.."I'm going to recommend that you be admitted overnight and that we lance these under hospital conditions. We'll use a sterile needle on some of them, but a number are so large they're going to require a surgical knife and possibly the removal of the carbuncle core. This is usually done with a local anesthetic, but in this instance, while I don't think general anesthesia will be required, we'll probably want to sedate you that is, put you in a twilight sleep"..Even as the morning matured, the fog and the rain conspired to bar all but a faint gray daylight from St. Mary's. Shadows flourished..He intended to mash the sole of Victoria's right shoe in the pat of butter and leave a long smear on the floor, as though she slipped on it and fell toward the ovens.."He's an attorney, and this grieving husband comes to him with a big liability case. There's money to be made"..In the refrigerator, he found a stick of butter in a container with clear plastic lid. He took the container to the cutting board beside the sink, to the left of the cooktop, and opened it..The Finder..Bright though they were at all times, Barty's Tiffany eyes shone brighter now with beams of North Pole magic. "Maybe I do feel it"..Mary was at play here, and the sight of her, his first in seven years, almost brought Barty to his knees. She was the image of her mother, and he knew that this must be at least a little bit what Angel had looked like when, at three, she had initially arrived here in 1968, when she explored the kitchen on that first day and found the toaster under a sock..... That discord sets up lots of other vibrations, some of which will return to you in ways you might expectIn reaction to a terrible sense of weightlessness, Agnes's two-fisted grip on the steering wheel grew so tight her hands ached. She held on with all her strength, as if at real risk of floating out of the car and up toward the source of the raveling skeins of rain..NORTHBOUND ON THE coastal highway, headed for Newport Beach, Agnes saw bad omens, mile after mile.."Well, Uncle Jacob doesn't understand kids. Anyway, this is pretty good stuff"..During the preparation of the cards, Barty had fallen asleep in his mother's arms, but with the revelation of his name on the ace, he had awakened again, perhaps because with his head resting on her bosom, he was alarmed by the sudden acceleration of her heartbeat..The candlestick was gone. The pedestal on which it had stood now held a Griskin bronze so devastatingly brilliant that one quick look at it would give nightmares to nuns and assassins alike..Two more uniformed officers had entered the kitchen, fresh from their search of the apartment. They were amused..Celestina, Grace, even Tom himself, had taken extraordinary measures to leave no slightest trail. Those very few authorities who knew how to reach Tom and, through him, the others, were acutely aware that his whereabouts and phone number must be tightly guarded.."In the early hours of January seventh," Nolly continued, "Miss White died in childbirth, as you figured"..out of hand. "Well ... yes, I suppose so." Spineless, unethical quack bastard, Junior thought bitterly.."December 1, 1958, in Chicago, Illinois, a parochial-school fire killed ninety-five"..A dry laugh escaped the detective, but it had none of the warmth of most people's laughter. "You're not bad, Enoch. You're just not as good as you think you are"..While they waited for the room-service waiter to arrive, Tom got from Paul a detailed report of Enoch Cain's attack on the parsonage. He had heard most of it from friends in the state-police homicide division, which was assisting the Spruce Hills authorities. But Paul's account was more vivid. The ferocity of the assault convinced Tom that whatever the killer's twisted motives might be, Celestina and her mother-and not least of all Angel-were in danger as long as Cain roamed free. Perhaps as long as he lived..Cypresses lined the entry drive to the cemetery. Tall and solemn, the trees kept guard, as though posted to prevent restless spirits from roaming out into the land of the living.."But before you leave St. Mary's," the physician said, "I'd like a few mutes of your time. It's very important to me. Personally"..A supply of ammunition lined the bottom of all the dresser and bureau drawers, concealed by underwear and other garments. Junior appropriated a box of 9-mm. cartridges..As yet, he hadn't taken either an antiemetic or antihistamine to ward off vomiting and hives, because he wanted to medicate -against those conditions as shortly before the violence as was practical, to ensure maximum protection. He'd intended to dose himself only after he followed Celestina home from the gallery and could be reasonably certain that he had located the lair of Bartholomew.."Enough," said the nurse, and the nun reached through clouds of steam to crank off the water..Vanadium clearly spent a lot of time in the kitchen; it was the only room in the house that felt comfortable and lived-in. Lots of culinary gadgets, appliances. Pots and pans hanging from a ceiling rack. A basket of onions, another of potatoes. A grouping of bottles with colorful labels proved to be a collection of olive oils..I believe the universe is sort of like an unimaginably vast musical with an infinite number of strings"..As he'd been instructed, Vanadium felt along the return edge of the carved limestone casing to the right of the window until he located a quarter-inch-diameter steel pin that protruded an inch. The pin was grooved to facilitate a grip. An insistent, steady pull was required, but as promised, the thumb-turn latch on the inside disengaged..Nolly finally disturbed the quiet: "Well, sir ... you're quite a psychologist"..Those who had just met her and those who were overly charmed by eccentricity called her Seraphim, her name complete. Her teachers, neighbors, and casual acquaintances called her Sera. Those who knew her best and loved her the most deeply--like her sister, Celestina called her Phimie..On the nightstand waited a glass of water on a coaster and a pharmacy bottle containing several capsules of a potent painkiller..Somehow, Vanadium's malevolent spirit was also to blame for Junior's failure to find a new heart mate, in spite of all the women he'd been through. Undoubtedly, when Bartholomew was dead and

Vanadium vanquished with him, romance and true love would bloom..AS MEANINGFUL AS Jacob's death had been within the small world of his family, Agnes Lampion never lost sight of the fact that there were more resonant deaths in the larger world before 1968 ended and the Year of the Rooster followed. On the fourth of April, James Earl Ray gunned down Martin Luther King on a motel balcony in Memphis, but the assassin's hopes were foiled when, because of this murder, freedom grew more vigorously from the richness of a martyr's blood. On June 1, Helen Keller died peacefully at eighty-seven. Blind and deaf since early childhood, mute until her adolescence, Miss Keller led a life of astonishing accomplishment; she learned to speak, to ride horses, to waltz; she graduated cum laude from Radcliffe, an inspiration to millions and a testament to the potential in even the most blighted life. On June 5, Senator Robert F. Kennedy was assassinated in the kitchen of the Ambassador Hotel in Los Angeles. Unknown numbers died when Soviet tanks invaded Czechoslovakia, and hundreds of thousands perished in the final days of the Cultural Revolution in China, many eaten in acts of cannibalism sanctioned by Chairman Mao as acceptable political action. John Steinbeck, novelist, and Tallulah Bankhead, actress, came to the end of their journeys in this world, if not yet in all others. But James Lovell, William Anders, and Frank Borman-the first men to orbit the moon-traveled 250,000 miles into space, and all returned alive..Because, since childhood, Jacob had been drawn to stories and images of doom, to catastrophe on both the personal and the planetary scale-from theater fires to all-out nuclear war-he had a flamboyant imagination second to none and a colorful if peculiar intellectual life. For him, therefore, the most difficult part of learning card manipulation had been coping with the tedium of practice, but for years he had applied himself diligently, motivated by his love and admiration for his sister, Agnes..The purpose of life was self-fulfillment, per Zedd, and Junior was so rapidly realizing his extraordinary potential that surely he would have pleased his guru..As quick as a snake strikes, Vanadium was much closer to the bed than he had been when he tossed the coin, at Junior's side now, leaning over the railing. "Naomi was six weeks pregnant.".Supposing that this new enthusiasm was an attempt to uncover skulduggery in Seraphim's accident, then the girl would be doing Junior a service even after her demise. Whether or not the traffic accident was an accident, Junior hadn't had anything to do with it..Sometimes Angel seemed troubled by what she'd been told about her grandfather, and at those moments she appeared downcast, somber. But she was just three, after all, too young to grasp the permanence of death. She would probably not have been surprised if Harrison White had walked through the door in a little while, during The Man from U.N.C.L.E. or The Lucy Show..Grace dropped the phone. Harrison let the frosting knife slip out of his fingers..From the plush pillow shadows of the bed, Barty said, "Oh, look. Christmas lights..".The quarter, silvery. Under the patriot's neck, the date: 1965. Coincidentally, the year that Naomi had been killed. The year that Tom had first met Cain. The year that all this had begun..On a positive note, the apartment was heated by a gas furnace. A leak, a spark, an explosion, and he would never have to see poor Agnes in her misery..Paul checked the back of the Suburban, since he fancied himself the wagonmaster. He wanted to be sure that the goods were loaded in such a way that they were unlikely to slide or be damaged. "Packed tight. Looks just fine," he declared, and closed the tailgate door..Junior drove them a little crazy by pretending not to understand their intent as they circled the issue like novice snake handlers warily looking for a safe grip on a coiled cobra..A cold wetness just above the crook of his left elbow. A sting. A tourniquet of flexible rubber tubing had been tied around his left arm, to make a vein swell more visibly, and the sting had been the prick of a hypodermic needle..During the past week, Junior had undertaken quiet background research on the prestidigitator with a badge. The cop was unmarried. He lived alone, so this bold visit entailed no risk..interminably against the ignition plate before, at last, he was able to insert it. "Should be a boy, because then you'll always have a man around the house."
