"Having spent most of the last twenty years in this apartment, not being the one who has a car, how would I meet a Negro magician?". On he went, up he went, trunk to limb, limb to branch, branch to limb, to limb, to trunk. Hand over hand up the vertical parts, gripping with his knees, then standing and walking like a tightrope artist along limbs horizontal to the ground, swinging over empty air and stepping from one woody walkway to another, ever upward toward the highest bower, dwindling as though he were growing younger during the ascent, becoming a smaller and smaller boy. Forty feet, fifty feet, already far higher than the house, striving toward the green citadel at the summit..Worse, the vengeful and vicious bitch-or bastard, whatever-evidently had made up vile stories about him, which on a slow evening she'd shared with Neddy, with the bartender, with anyone who would listen. The staff of the lounge believed Junior was a dangerous sadist, No doubt she had concocted other lurid stories, as well, charging him with everything from a degenerate interest in bodily wastes to the selfmutilation of his genitalia..His musical abilities were most likely an offshoot of his more extraordinary talent for math. He said that music was numbers, and what he seemed to mean was that he could all but instantly translate the notes of any song into a personal numerical code, retain it, and repeat the song by repeating the memorized sequence of code. When he read sheet music, he saw arrangements of numbers..demons: hypodermoclysis ... intravenous oxytocin ... maintain perfect asepsis, and I mean perfect, at all times ... a few oral preparations of ergot as soon as it's safe to give her anything by mouth.Hound meant well in sending the young man to Samory, but he did not understand the quality of Otter's will. Nor did Otter himself. He was too used to obeying others to see that in fact he had always followed his own bent, and too young to believe that anything he did could kill him..Other rooms were furnished as sparsely as those in a monastery. Indeed, the dining room contained nothing whatsoever.."Are you all right?" he asked as he opened the passenger's door and helped her into the car.."This was back on January 24, 1556," said Edom with unhesitating authority, for he had memorized tens of thousands of facts about the worst natural disasters in history..As Junior paced the hotel room, his fear made way for anger. All he wanted was peace, a chance to grow as a person, an opportunity to improve himself And now this. The unfairness, the injustice, galled him. He seethed with a sense of persecution..Perhaps his sister intuited what Edom was about to say, because she didn't let him get started..The rich aromas on the air would have thwarted the will of the most devout monks on a fast of penitence..The silence on the line was not merely that of a caller holding her tongue. It was abyssal and perfect, as no silence on a telephone ever can be, without the faintest hiss or crackle of static, no hint of breathing or."July 14, 1960, in Guatemala City, Guatemala, a fire in a mental hospital-two hundred twenty-five dead..Breath repeatedly catching in her throat, heart thudding, Agnes watched her son through the open car door..Someone she had known. Someone Celestina, too, might know. He lived in or around Spruce Hills, because Phimie had considered him still to be a threat..She left him sore in places that had never been sore before. Yet he was more stressed out on Thursday than he'd been on Wednesday..Perhaps because Celestina was her father's daughter, with his faith in humanity, she was always deeply moved by the kindnesses of strangers and saw in them the shape of a greater grace. "Does your wife know what a lucky woman she is?". "It seems it was his own idea, your majesty..". "Nothing of the kind." Agnes smiled at Barty and wiggled her finger in his grip. "They've always been my salvation. I don't know what I'd do without them..". This comment left Tom nonplussed. He could only imagine that Jacob had known someone who died in that crash-yet the twin's tone of voice and his expression seemed to suggest that a world without the Bakersfield train wreck would be a less convivial place than one that included it..He nodded. "You do. Yes. But you don't need to know right now. Later, when you're calmer, when you're clearer. It's too important to rush you through it now..". During the following day, January 6, as Phimie was wheeled around the hospital for tests in various departments, Celestina remained in 724, working on her portfolio for a class in advanced portraiture. She was a Junior at the Academy of Art College..No weekend had ever passed so quickly, and no midnight had ever brought with it such dread..Maria Gonzalez arrived with her daughters, and while it was natural for Angel to be drawn to the company of older girls, she had no interest in anyone but Barty.."It's a miracle both of you didn't go through that railing," the attorney agreed..Leaving Frieda unconscious and reeking, a condition in which her bralessness had no power to arouse him, Junior left.."Would you pretend to wake up if I tried to smother you?" asked Detective Vanadium..folded over his too-tight shirt collar, and with a second chin more prominent than.Although the ace of hearts had only positive meanings, and although, according to Maria, multiple appearances, especially in sequence, meant increasingly positive things, a series of chills nevertheless riffled through Agnes's spine, as if her vertebrae were fingers shuffling..In retrospect, coming here wasn't a wise move. Evidently, the detective had been following him. Now, Vanadium would puzzle out a motive for this late-night graveyard tour.."Peach, raisin, walnut pies," Agnes said, "with regular bottom crust and a chocolate-crackle top crust..". Had he ever thought he could get away with this? He must have been delusional, temporarily mad..In the Fairmont coffee shop, Junior ordered french fries, a cheeseburger, and cole slaw. He requested that the burger be served cooked but unassembled: the halves of the bun turned face up, the meat pattie positioned separately on the plate, one slice each of tomato and onion arranged beside the pattie, and the slice of unmelted cheese on a separate dish..Angel didn't want to go, maybe because the boogeyman schemed beneath the bed in some of her nightmares..As spectacularly busy as the not-yet-dead Jayne Mansfield, Frieda never wore a bra. In 1966, this free-swinging style was little seen. Initially, Junior didn't realize bralessness was a declaration of Frieda's liberation; he thought it meant she was a slut..Edom and Jacob flanked the gurney, each gripping one of Barty's feet through the sheet that covered them, escorting him with the same stony determination that you saw on the faces of the Secret Service agents who bracketed the President of the United States..Their evenings together were comfortable bliss, though usually they just watched television, or he read to her. She enjoyed being read to: mostly historical novels and occasional mysteries..Angel liked to perch sideways with a drawing tablet in the window seat in Barty's room, look out at the oak tree from the upper floor, and draw pictures inspired by things she heard in whatever book he was currently listening to. Everyone said she was a pretty good artist for a three-year-old, and Barty wished he could see how good she was. He wished he could see Angel, too, just once.."If there's a presentation, I assume then I'm the presentee," he said, taming his chair sideways to the table and taking her into his lap. "Just remember, I never wear neckties..". The following day, Wednesday, December 27, his mother drove him to the library, where he checked out two Heinlein titles recommended by the librarian: Red Planet and The Rolling Stones. Judging by his excitement, on the way home in the

car, his response to previous mystery-novel series had been a pleasant courtship, whereas this was desperate, undying love..Deciduous black oaks lined the street. All were leafless at this time of year, gnarled limbs clawing at the moon..Frequently, these days, she found herself explaining aspects of life to Barty that she hadn't expected to discuss for years to come. She wondered how she could make him understand this: Life can be so sweet, so full, that sometimes happiness is nearly as intense as anguish, and the pressure of it in the heart swells close to pain..By his twelfth month, he was toilet-trained, and every time that he had the need to use his colorful little bathroom chair, he proudly and repeatedly announced to everyone, "Barty potty."..This show was hopeless, disastrous, stupid, foolish, painful, lovely, wonderful, glorious, sweet..Your deeds ... will return to you, magnified beyond imagining ... the spirit of Bartholomew ... will find you ... and mete out the terrible judgment that you deserve..Serving a formal dinner was Agnes's way of declaring-to herself more than to anyone else in attendance-that the time had come for her to get on with life for Bartholomew's sake, but also for her own..After his conversation with Magusson, however, Junior realized this fear was irrational. If the detective had miraculously escaped the cold waters of the lake, he would have been in need of emergency medical treatment. He would have staggered or crawled to the county highway in search of help, unaware that Junior had framed him for Victoria's murder, too badly wounded to care about anything but getting medical attention..Thus far, there were only two unexpected developments, the first being his explosive vomiting. He hoped he would never have to endure another such episode..Although her hands were shaking and her knees felt as though they might buckle, Agnes lifted two pies off the table..What didn't come as a surprise to Paul was Agnes's determination that the Whites, during their period of lying low, should stay with her and Barty.. "Because He didn't want you to be a dog." She finished tying a bow in the drawstrings. "There. You look just like an M&M."..Writing came with reading, and in a notebook, he began to make entries about points of interest in the stories that he enjoyed. His Diary of a Book Reader, as he titled it, fascinated Agnes, who read it with his permission; these notes to himself were enthusiastic, earnest, and charming-but literally month by month, Agnes noticed that they grew less naive, more complex, more contemplative..And speak the tongues of man and drake..He wiped the steering wheel and every surface that he might have touched during the drive from Victoria's to the detective's place, where he'd acquired the gardening gloves that he still wore. He got out of the car and, with the door open, wiped the exterior handle..From the plush pillowy shadows of the bed, Barty said, "Oh, look. Christmas lights."..Wally gave her tests. She's got an exceptional understanding of color, spatial relationships, and geometric forms for a child her age. She may be a visual prodigy."..She slept for a while, waking to a prayer spoken softly but fervently in Spanish..The universe was vast and Barty small, yet the boy's immortal soul made him as important as galaxies, as important as anything in Creation. This Agnes believed. She couldn't tolerate life without the conviction that it had meaning and design, though sometimes she felt that she was a sparrow whose fall had gone unnoticed. Barty sat on the edge of the doctor's desk, legs dangling, holding Red Planet, his place marked by an inserted finger.. "It's all right," Tom assured her. To Angel, he said, "No, I'm not sad. And you know why?". At many houses, strings of Christmas lights painted patterns of color at the eaves, around the window frames, and along the porch railings-all so blurred by fog that Junior seemed to be moving through a dreamscape with Japanese lanterns..The Church nourished the soul, while the occult nourished the imagination. In Mexico, where physical comforts were often few and hope of a better life in this world was hard won, both the soul and the imagination must be fed if life was to be livable..In the morning, after their first night together, without either of them suggesting what must be done, Barty and Angel went in silence into the backyard and, together, climbed the oak, to watch the sunrise from its highest bower. Three years later, on Easter Sunday in 1986, the fabled bunny brought them a gift: Angel gave birth to Mary. "It's time for a nice ordinary name in this family," she declared..Of course, Angel might have been playing around with the talking book. Or, even though she'd left the dolls downstairs, she might have been filling the time until Barty's return by having a nice chat with Miss Pixie and Miss Velveeta. She had other voices, too, for other dolls, and one for a sock puppet named Smelly..By now he recognized that the man approaching from the other graveside service was neither a Negro nor a stranger. Detective Thomas Vanadium was annoying enough to be an honorary Hackachak..Tommy James and the Shondells, good American boys, had a record farther down the charts-"Hanky Panky"-that Junior felt was better than the Beatles' tune. The failure of his countrymen to support homegrown talent aggravated him. The nation seemed eager to surrender its culture to foreigners..Since childhood, he had been waiting for this moment-if indeed it was The Moment-and he had nearly lost hope that the much-desired encounter would ever come to pass. He had expected to find others with his perceptions among physicists or mathematicians, among monks or mystics, but never in the form of a three-year-old girl dressed all in midnight-blue except for a red belt and two red hair bows..He knew the titles that he wanted: "Tunnel in the Sky, Between Planets, Starman Jones. ".With a portion of his profits from Tammy Bean's stock picks, Junior had bought a second painting by Sklent. Titled In the Baby's Brain Lies the Parasite of Doom, Version 6, it was so exquisitely repellent that the artist's genius could not be in doubt.. "Too bad. You might have used that to bargain with."..Alone with Agnes, the physician said, "I want you to take Barty to a specialist in Newport Beach. Franklin Chan. He's a wonderful ophthalmologist and ophthalmological surgeon, and right now we don't have anyone like that here in town."..When the old man died and Agnes inherited the property, the three of them played cards in the backyard for the first time on the day of his funeral, played openly rather than in secret, almost giddy with freedom. Eventually, when Agnes fell in love and married, Joey Lampion joined their card games, and thereafter, Jacob and Edom enjoyed a greater sense of family than they had ever known before..During the past three years, he'd suffered much because of these sisters, including most recently the humiliation in the Dumpster with the dead musician, Celestina's pencil-necked friend with a propensity for postmortem licking. The memory of that horror flared so vividly-every grotesque detail condensed into one intense and devastating flash of recollection-that Junior's bladder suddenly felt swollen and full, although he had taken a long satisfying leak in an alleyway across the street from the restaurant at which the postcard-painting poseur had enjoyed a leisurely dinner with Ichabod..Junior thought he was alone, but just when he felt capable of summoning the energy to shift to a more comfortable position, he heard a man clear his throat. The phlegmy sound had come from beyond the..The maniac kicked once more, but because of the bracing dresser, the door wouldn't budge, so he kicked harder, again without success..-Dumpsters and delivery trucks hulked against the building walls. Steam billowed out of street grates. The gray shadows were no longer disturbed by a running shade in a tweed sports jacket..In the bedroom, as he opened a suitcase on the bed, he saw the quarter. Shiny. Heads-up. On the nightstand..The 9-mm pistol rested in the complementary shoulder holster, under Junior's leather coat. But the sound-suppressor hadn't been attached; it was in one of his coat pockets. The extended barrel, too long to lay comfortably against his left side, would most likely have hung up on the holster when drawn..Of all the kindnesses that we can do for one another, the most precious of all

gifts-time-is not ours to give. Bearing this in mind, Agnes did her best to guide her extended family through its grieving for Harrison and for Jacob, into happier days. Respect must be paid, precious memories nurtured, but life also must go on.. "As she comes closer to full term," said Dairies, "she's at great risk of preeclampsia developing into full eclampsia." Switching on the windshield wipers, Joey said, "That's the first time I've ever heard you admit that either of your brothers is odd." In that slow, flat delivery with which Junior was becoming increasingly impatient, Detective Vanadium said, "We all were, Doctor. It was another election year, remember? More than once during that campaign, I could've chugged ipecac. What else would work if I wanted to have a good vomit?" So after waiting two months for the superhot Harrison White case to cool down, Junior returned instead to Spruce Hills, traveled bald and pocked and passing as Pinchbeck, under the cover of night.. As the afternoon waned toward a portentous dusk and toward the gallery reception for Celestina White, Junior prepared his knives and guns.. Not incidentally, the project served as a vehicle by which some older citizens, in financial crisis, could receive money in a way that spared their dignity, gave them hope, and repaired their damaged self esteem. Agnes asked Obadiah to enrich the project by accepting a one year grant to record the story of his life with the help of the head librarian.. Studying the brochure, Junior felt that the best response to this artist's work was to go directly into the bathroom, stick one finger down his throat, and purge himself. Considering his medical history, however, he couldn't afford to be such an expressive critic.. The bullet had been fired by a renegade cop who was every bit as lousy a marksman as he was a corrupt scumball. He'd been aiming for Nolly's crotch.. People were at the car windows, struggling to open the buckled doors, but Agnes refused to acknowledge them.. He realized that like so many women, Seraphim wanted it, asked for it-yet had no place in her self-image to accommodate the truth that she was sexually aggressive. She wanted to think of herself as shy, demure, virginal, as innocent as a minister's daughter ought to be which meant that to get what she wanted, she required Junior to be a brute. He was happy to oblige.. Here, now, the dinner guest, entering the kitchen. He carried the wineglass and the rose in his left hand. The Merlot was tucked under his arm. In his right hand was a small, brightly wrapped gift box.. From his motel room, he telephoned Hanna Rey in Bright Beach. She still looked after his house on a part-time basis, paid the bills from a special account while he traveled, and kept him informed about events in his hometown. From Hanna, he learned that Barty Lampion's eyes had been lost to cancer.. When she was finished with the dishtowel, she returned to the dining room, and though dinner was underway, she called for another toast. Raising her glass, she said, "To Maria, who is more than my friend. My sister. I can't let you talk about what I've given you without telling your girls that you've given back more. You taught me that the world is as simple as sewing, that what seem to be the most terrible problems can be stitched up, repaired." She raised her glass slightly higher. "First chicken to be come with first egg inside already. God bless." Maybe his pursuit of the matter sprang from mere curiosity, the desire to discover what a child of his might look like; however, if something else lay behind his interest, the motivation would not be benign. Whatever Cain's intentions, he would prove to be at least an annoyance to Celestina and the little girl-and possibly a danger.. This seemed to be a statement of great mystery and beauty, and Agnes was still contemplating it when the last of the ice melted on her tongue. Instead of more ice, sleep was spooned into her, as dark and rich as baker's chocolate.. mother's understanding of the world and of her own existence. Unlike most other toddlers, Barty was entirely comfortable with change. From bottle to drinking glass, from crib to open bed, from favorite foods to untried flavors, he delighted in the new. Although Agnes usually remained near at hand, Barty was as pleased to be put temporarily in the care of Maria Gonzalez as in the care of Edom, and he smiled as brightly for his dour uncle Jacob as for anyone.
