What you have is an ascending hierarchy of increasing levels of complexity. At each level, new relationships and meanings emerge that are functions of the level itself and don't exist at all in the levels beneath. For instance, there are twenty-six letters in the alphabet. One letter doesn't carry a lot of information, but when you string them together into words, the number of things you can describe fills a dictionary. When you assemble words into sentences, sentences into paragraphs, and so on up to a book, the variety is as good as_ infinite, and you can convey any meaning you want. Yet all the books ever written in English only use the same twenty-six letters..". "What's that?".The meadow waiting under the moon..The killers had been even closer on his trail than he'd feared. What he sensed, stepping into that upstairs..Sirocco shrugged. "I'm pretty sure it can't be Wellesley. He's tried to play it straight, it's all sweeping him way out of his depth. Anyhow, what would he have to gain? All he wants to do is to be put out to pasture; he's only got a few days left. Ramisson obviously wouldn't be involved in something like that, and the same goes for Lechat. But as for the rest, if you ask me, they're all crazy. It could be any of them or all of them. But that's who the Chironians are really after..".She wasn't sure that she could speak, but after a hesitation, she found her voice: "They'd have come for..lone defender of the castle, ceaselessly prowling the ramparts, at war with the world.
