detail, so it could be consequently great for your life and you. Pulling herself up in the bed, peering at him suspiciously, she said, "You've gone and memorized old Emily." Having used his body as a clapper in the bell of the Dumpster, Junior had struck a loud reverberant note that tolled like a poorly cast cathedral bell, echoing solemnly off the walls of the flanking buildings, back and forth through the fogbound night. When Agnes groaned, one of the shadows spread its wings, moved closer, to the right side of the bed, and resolved into a nurse. Agnes's vision had cleared. The nurse was a pretty young woman with black hair and indigo eyes. "Well, the blood wasn't dark and acidic, so it didn't come from his stomach. It was bright and alkaline. It could have arisen in the esophagus, but most likely it's pharyngeal in origin." Dessert was on the house. The waiter brought the four best items on the menu, to spare them the need to make two small decisions after having made such a big one. "All right. I get my new eyes from a doctor. They're not real eyes, just plastic, to fill in where my eyes used to be." self-controlled as he would need to be in any interrogation conducted by this brush-cut, thick-necked toad. II. Otter. Eventually he put the quarter on the nightstand, switched off the lamp, and slipped into bed. In that slow, flat delivery with which Junior was becoming increasingly impatient, Detective Vanadium said, "We all were, Doctor. It was another election year, remember? More than once during that campaign, I could've chugged ipecac. What else would work if I wanted to have a good vomit?" She was so hot that the ice melted quickly. A thin trickle slid down her throat, but not enough to take the Sahara out of her voice when she said, "More." "I'm saying, for all I know." She took her hand off his thigh. "What's all this about Celestina, anyway?" I have trusted in thy mercy, she thought desperately, reaching for comfort to Psalms 13:5. "I'm afraid you're wrong." When Tom opened his left hand, the palm lay as bare as that of a blind beggar in a country of thieves. Meanwhile, his right hand had tightened into a fist again. Aware of the mortician's new edginess, Jacob was convinced that his initial distrust of Panglo was justified. This twitchy little guy seemed to have something to hide. Jacob didn't have to be a cop to recognize nervousness born of guilt. Find the father, kill the son. In just nine days, Junior bedded four beautiful women: one on Christmas Eve, the next on Christmas Night, the third on New Year's Eve, and the fourth on New Year's Day. For the first time in his life-and on all four occasions-his joy in the act was less than complete. Copyright (c) 2001 by Ursula K. Le Guin All rights reserved. Celestina looked up from the scarred top of the desk toward the fog-white sky beyond the window, from reality to the promise. A MOMENTOUS DAY for Celestina, a night of nights, and a new dawn in the forecast: Here began the life about which she'd dreamed since she was a young girl. "That discord sets up lots of other vibrations, some of which will return to you in ways you might expect-and some in ways you could never see coming. Of the things you couldn't have seen coming, I'm the worst." "It's an uncommon reaction," the physician acknowledged, "but not so uncommon as to be rare." He usually ate lunch alone in his office. The room was the size of an elevator, but of course didn't go up or down. It went sideways, however, in the sense that herein Paul was transported into wondrous lands of adventure. "A nose, now, is a useful thing, a salable thing," Hound went on. "Not that I'm looking for competition. But a finder can always find work, as they say...You ever been in a mine?" With his refreshed drink, studying Celestina's photograph in the brochure, Junior returned to the living room. She was as stunning as her sister, but unlike her poor sister, she wasn't dead and was, therefore, an appealing prospect for romance. From her, he must learn whatever she knew that might help him in the Bartholomew hunt, without alerting her to his motive. At the same time, there was no reason that they couldn't have a fling, a love affair, even a serious future together. One of the paramedics had stooped beside him to press a cool hand against the nape of his neck. Now this man said urgently, "Kenny! The door was falling shut. With no more sound than the day makes when it turns to night, the detective had gone. Drawn by voices on the second floor, Tom took the stairs two at a time. A man and a boy. Barty and Cain. To the left in the hallway, and then to a room on the right. Maria Elena Gonzalez--such an imposing figure in spite of her diminutive stature that even three names seemed insufficient to identify her--was still present. Although the crisis had passed, she wasn't ready to trust that nurses and doctors, by themselves, could provide Agnes with adequate care. She woke weeping from the dreams, and she wanted no witnesses. She wasn't embarrassed by her tears. She just didn't want to share them with anyone but Barty. She hung her head, covered her face with her chilled hands, and wondered how her mother could sustain faith in God when such terrible things could happen to someone as innocent as Phimie. If blood tests revealed that Junior wasn't the father, Vanadium would have a motive. It wouldn't be the right motive, because Junior truly hadn't known either that his wife was pregnant or that she was possibly screwing around with another man. But the detective would be able to sell it to a prosecutor, and the prosecutor would convince at least a few jurors. According to the brief biographic note with the picture, Celestina White was a graduate of San Francisco's Academy of Art College. She had been born and raised in Spruce Hills, Oregon, the daughter of a minister. Somehow, Vanadium's malevolent spirit was also to blame for Junior's failure to find a new heart mate, in spite of all the women he'd been through. Undoubtedly, when Bartholomew was dead and Vanadium vanquished with him, romance and true love would bloom. Not one day in anyone's life, so her father taught, is an uneventful day, no day without profound meaning, no matter how dull and boring it might seem, no matter whether you are a seamstress or a queen, a shoeshine boy or a movie star, a renowned philosopher or a Downs syndrome child. Because in every day of your life, there are opportunities to perform little kindnesses for others, both by conscious acts of will and unconscious example. Each smallest act of kindness-even just words of hope when they are needed, the remembrance of a birthday, a compliment that engenders a smile-reverberates across great distances and spans of time, affecting lives unknown to the one whose generous spirit was the source of this good echo, because kindness is passed on and grows each time it's passed, until a simple courtesy becomes an act of selfless courage years later and far away. Likewise, each small meanness, each thoughtless expression of hatred, each envious and bitter act, regardless of how petty, can inspire others, and is therefore the seed that ultimately produces evil fruit, poisoning people whom you have never met and never will. All human lives are so profoundly and intricately entwined-those dead, those living, those generations yet to come-that the fate of all is the fate of each, and the hope of humanity rests in every heart and in every pair of hands. Therefore, after every failure, we are obliged to strive again for success, and when faced with the end of one thing, we must build something new and better in the ashes, just as from pain and grief, we must weave hope, for each of us is a thread critical to the strength-to the very survival-of the human tapestry. Every hour in every life contains such often-unrecognized potential to affect the world that the great days for which we, in our dissatisfaction, so often yearn are already with us; all great days and thrilling possibilities are combined always in this momentous day. The paramedic put aside the needle, having used it, and grabbed the paddles of a. IN HOSPITALS, AS in farmhouses, breakfast comes soon after dawn,

because both healing and growing are hard work, and long days of labor required to save the human species, which spends as much time earning its pain and hunger as it does trying to escape them..Putting an arm around Paul's shoulders, Dr. Salk walked with him along a street lined with eucalyptuses and Torrey pines, to a nearby pocket park. They sat on a bench in the sunshine and watched duck waddle on the shore of a man-made pond..He chased after none of these lovelies beyond a few dates, and none of them pursued him when he was done with them, although surely they were distressed if not bereft at losing him..rearview mirror was not hung with one of those tacky decorative deodorizers. The seats, regularly treated with leather soap, were softer and more supple than they had been when the car had shipped out of.The phone rang at 3:20 in the afternoon, just after he switched off the radio in disgust. Sitting in the breakfast nook, the Oakland telephone directory open in front of him, he almost said, Find the father, kill the son, instead of, "Hello."..Yet he didn't fault himself for a lack of sensitivity. He'd met this woman only once before. He wasn't emotionally invested in her as he had been in sweet Naomi..He stepped to the front door, which was framed by curtained side lights. He drew one of the curtains aside and peered out..Also in the drawer was a pistol that he kept for home defense. He stared at it, trying to decide whether to go downstairs and make a sandwich or kill himself..If the angular mass was Neddy, the vaguely warm, damp something must be the strangled man's protruding tongue..Junior kept both forged driver's licenses in his wallet, in addition to the one that featured his real name. He stowed everything else in Pinchbeck's and Gammoner's safe-deposit boxes, along with the emergency cash..PAUL DAMASCUS WAS walking the northern coast of California: Point Reyes Station to Tomales, to Bodega Bay, on to Stewarts Point, Gualala, and Mendocino. Some days he put in as little as ten miles, and other days he traveled more than thirty..Angel cocked her head and studied his left hand, which he had closed while opening his right. She pointed. "It's there."..Always, he was good with Barty, and on this occasion, he teased more than the usual number of smiles and giggles from the boy as he tried to get him to read the Snellen chart on the wall. Then he lowered the lights in the examination room to study his eyes with an ophthalmometer and an ophthalmoscope..Lipscomb shifted his gaze from the street below to the source of the rain. "Phimie was not gone long, perhaps a minute-a minute and ten seconds at most-and when she was with us again, it was clear from her condition that the cardiac arrest was most likely secondary to a massive cerebral incident. She was disoriented, paralysis on the right side ... with the distortion of the facial muscles that you saw. Her speech was slurred at first, but then something strange happened. . . .From the moment the girl was admitted on the evening of January 5, the nurses at St. Mary's Hospital in San Francisco called her Phimie, too, not because they knew her well enough to love her, but because that was the name they heard Celestina use..around an anemone's mouth, poised to snare, lazily but relentlessly, any passing prize..unwittingly oversell any strong reaction, striking a false note and raising suspicions..Jacob cooked corn bread, cheese-and-parsley omelettes, and crisp home fries with a dash of onion salt.. "Be quiet, sugarpie," she said, crossing the bedroom to the door, which stood only slightly ajar.. "I never spoke with God--Nor visited in Heaven--Yet certain am I of the spot--As if the Checks were given."..She lay beside her boy in the darkness, gazing at the covered window, where the faint glow of the moon pressed through the blind, suggesting another world thriving with strange life just beyond a thin membrane of light..Ordinarily, a child of three would be too young to learn the use of a blind man's cane, but Barty wasn't ordinary. Initially, no cane was available for such a small child, so Barty began with a yardstick sawn off to twenty-six inches. By his last day, they had for him a custom cane, white with a black tip; the sight of it and all that it implied brought tears to Agnes just when she thought her heart had toughened for the task ahead..Dense, white, slowly billowing masses of fog rolled through the neighborhood, scented with woodsmoke from numerous fireplaces, as though everything north to the Canadian border were ablaze..He still had a sour taste in his mouth, although it was not as disgusting as it had been. All the odors were wonderfully clean and bracing--antiseptics, floor wax, freshly laundered bedsheets-without a whiff of."Fear?" Kathleen asked, more interested in Vanadium's words than in his prestidigitation. "You said you're offering fear to Cain ... as if that was something he would want."..Of course, Angel might have been playing around with the talking book. Or, even though she'd left the dolls downstairs, she might have been filling the time until Barty's return by having a nice chat with Miss Pixie and Miss Velveeta. She had other voices, too, for other dolls, and one for a sock puppet named Smelly.. "I find you more than adequate in all ways that count. Besides, Joey was a generous and good lover. What he taught me, I can share." She smiled. "You'll find that I'm a darn good teacher, and I sense in you a star pupil."..One apartment to the right, one to the left. Junior went to the right, to Apartment 1, where he'd seen the lights come on behind the curtained windows..Angel. A less exotic synonym for her own name. Seraphim's angel. The angel of an angel..Tom believed that the girl had an intuitive understanding of the true complexity of the world, but she was only three, after all, and neither ready nor able to absorb the scientific theory that supported her intuition..Her hands were locked together in her lap, gripped so tightly for so long that the muscles in her forearms ached. "What's wrong?.."The girl was creepy, no doubt about it, and Junior felt now precisely as he had felt on the night of Celestina's exhibition at the Greenbaum Gallery, when he had come out of the alleyway after disposing of Neddy Gnathic in the Dumpster and had checked his watch only to discover his bare wrist. He was missing something here, too, but it wasn't merely a Rolex, wasn't a thing at all, but an insight, a profound truth..Clenching his right hand around the quarter, waving left hand over right, he intoned, "Jingle-jangle, mingle-jingle." Opening his right hand, he revealed that the coin had vanished..Those ominous words again, turning through his memory, reel to reel. This time he actually heard them spoken. The voice commanded minded attention with a deeper timbre and crisper diction than his own..Although Junior had not answered, Vanadium said, "Yes, I thought you heard it."..In fifty years, until Angel, Tom had found no other like himself and now a second in little more than a week. "I can't do what you did."..Joey rested not under the stern watch of the cypresses, but near a California pepper tree. With its graceful, cascading boughs, it appeared to stand in meditation or in prayer..Edom's twin, Jacob, who had never held a job, lived in the second apartment. He'd been there since graduating from high school..He supposed Victoria might have a visitor. Perhaps a relative or a girlfriend. Not a man. No. She knew who her man was, and she would have no other while she waited for the chance to surrender to him and to consummate the relationship that had begun with the spoon and the ice in the hospital ten days previously..For a while, leaning forward in his chair and staring at the floor with an intensity and an expression that could not have been inspired by the insipid vinyl tiles, Tom mulled over what she'd told him. Then: "The connection is there, but it's still not entirely clear to me. So he took perverse pleasure in raping her with her father's sermon as accompaniment . . . and maybe without his realizing it, the reverend's message got deep inside his head. I wouldn't think our cowardly wife killer has the capacity for guilt ... although maybe your dad worked a sort of miracle and planted that very seed."
